

**Mountain County Pomona, No.4 - Mini-Letter**  
**October 12, 2009**

---

Seems early for so many leaves to have fallen – but aren't the colors beautiful! Sue's brother from California came east for a high school reunion and he is really loving the colors! It's been over 45 years since he was here in the Fall.

Pomona thanks **Winchester** as usual for hosting the degree. We welcome those who are taking the 5<sup>th</sup> tonight and want you to know that you can take the 6<sup>th</sup> Degree on Friday in Meriden.

Glad to report that Joanne Klingerman is home (224 Blue Swamp Rd, Litchfield 06759) and doing well – but I'm not happy to report that Phyllis Bierce is back at Laurel Hill. She had a bad fall and really hurt that bad leg. This is a real blow – do send cards and notes – they need them. Her address is 108 East Lake St., Winsted 06098.

Next **Pomona** meeting is November 9 at **Eureka**. Plan to be there?

Incidentally we should thank Kristen Phillips for serving as pianist for the last two years. It was not easy for her but she did a fine job and will be missed. Thanks to Arline Cote for always filling in when Kristen had

other commitments. And welcome Beulah “to the bench” now! Good to hear her nimble fingers again!

Coming Events-

Did not get much information for coming events – but I'll tell you what I know!

Holiday Bazaar – November 7 from 9 to 3 at **Winchester**. Have a good number of vendors already – Cookie Walk in the lower hall. A busy day!

**Eureka** has been very busy with their fair and then the Pig Roast – it was delicious!

**Riverton** was super busy this past Saturday and Sunday. They served 168 a ham dinner on Sat. and 180 a turkey dinner on Sunday – that's a lot of tired feet!

**Taghannuck** has 3 candidates for tonight and possibly 2 for the 6<sup>th</sup> Degree on Friday.

How are you going to dress up for Halloween?

BOO!

*Marion Beecher*
