

Mini - Letter for Winchester Grange #74

February 8, 2011

Anybody want some snow? It's being given away - you know anything that's **FREE** goes fast!

Be interesting to see how Groundhogs and Valentines combine in the program tonite - quite a combination, Sara.

Thank you to Ramona for the refreshments.

Next meeting, February 22 is entitled Presidents and Sue has refreshments.

Sue & Todd have had quite a time with the ice build up on the roof of the hall. Thank goodness for their concern and dedication. Let's hope further snow that we may get will come in lesser degrees and amounts!

You may have known this but in case not - perhaps you saw that Darleen Andrews (Jewiss) died last week. A former very active grange member, Darleen was one of the "younger grangers".

Louise Warren has a new eye doctor whom she likes very much - he gave her the good news that he thinks he can save her bad eye and even just the hope makes a difference - We hope so, too, Louise.

FLASH!!!

As of today, 67 members have paid their dues to Winchester and 9 have paid Pomona. We have received approximately \$175 in donations. Of those who have paid - 9 of those are from Golden Sheaf members. Thank you. Long way to go but bit by bit the treasury is improving. Have you paid your dues yet?

Understand that Angie Bolus was at Litchfield Wood Health Care for a little while, but may be home by now.

Community Service - How about picking up littler along the road? Want to do it now? Why not? How about clipping current coupons so people can check these at each meeting and take what they can use.

Had 3 generations in my room the other day - Grandma Beadie Broggi; her granddaughter, Holly Marchand Cassaday and Holly's daughter, Alexandria. Nice --- Also, Sandy Phillips, grandma, her daughter, Pam and grandson Connor. Small world!

Where is the Green? Under the snow. And doesn't the gazebo look beautiful? That's it for tonite ---

Marion
