

Mini-letter Winchester Grange #74

3/24/09

It is beginning to look like Spring - but it's not here yet! I know the calendar says so - but Mother Nature doesn't agree!

Not sure whether or not Sue was able to find the 76 Trombones - she'll let you know

Our next meeting is April 14, and Jean and Don Campi have refreshments. No degrees.

Tomorrow - 10:30 - at Riverton Grange, - MT County Pomona will meet for the annual day meeting. Hope you can go - it's a nice day.

My sincere thanks to Ernie for helping me out tonight. I had hoped to be able to come - but I can't breathe

and that is sort of necessary!

We just learned that Sister Ruth Schnell of Taghannuck has been in the hospitals and now at Litchfield Woods in Torrington, since Feb. 14! Bad accident - totaled their car - did a lot of damage to Ruth - many brokenbones - she is healing but a long way to go still. Do send a card - Send one to our own Carolee Monroe too. And our sympathy to Joyce Younatz on the death of her mother.

Victor is in Washington DC with a legislative group from school. Great fun!!

Think Spring! Marion
