

Winchester Grange #74 – Mini-Letter
October 13, 2009

The program tonight is “Walking” and if you do, it's going to be in the leaves. How they have come down!

Be sure that you get your new program book from the Lecturer – can't tell a thing without a book! Even though Sara is not the meeting the books are in the box on her station. It tells you that Sandy Phillips is in charge of refreshments for tonite! Thank you, Sandy.

Great **Pomona** meeting last evening with a nice supper, a good crowd and 7 candidates! How about that? Incidentally our Ben was one of the candidates! Congratulations to Ben for taking the fifth degree. It sure was nice to have Winchester represented among the new Pomona members. Welcome to Pomona, Ben. Next Pomona meeting is November 9 at Eureka.

News from Louise Warren – she misses us and is improving – her eyes are “seeing” better.

-and-

Mildred Barshaw is in Chestnut Grove – home again – and graduated to a walker. We miss you, Mildred and Louise.

-and-

Don Fancher is now on coumadin – as a blood thinner. Pain in the neck but necessary.

-and-

Ernie Bengston had a wonderful experience – last Sunday he baptized Addie – his new little great-grand daughter – the daughter of Ethan Forchette and his Becky. Oh my, that makes Dana a grandmother!!

-and-

Sara had her neck operated on and is confined to home for the month. Hope this is the last of her troubles. Drop her a card to let her know we are thinking of her. (22 Upson Ave., Winsted)

Remember the **Holiday Bazaar** on November 7. Reservations for tables continue to come in. Let's hope for a good crowd and great weather. We will also be holding our Second “annual” Cookie Walk. Let's hope that we get the same great cooperation with baking cookies this year as we had last year.

Next meeting, October 27, with refreshments by the Mele Family.

Did you get your flu shot yet? That's about it for tonight. Miss you – all.
