

Winchester Grange #74 – Mini-Letter
November 23, 2010

Thank you to Sara for the refreshments tonight – and to Sue for the program – and to *you* for being here.

Next meeting, December 14 with refreshments by Shirley. Reminders for the meeting are:

- **Christmas Country Store**
- **Items for the tree for Children**
- ***Soldier On Project*** – *for homeless veterans – needed are items for just plain living – get more information from Shirley*
- **Christmas Gift Exchange** – \$5. gift.

No meeting on December 28 – just a chance to relax!

For all those who said Amy Whitcomb had gone home – she has not! I talked with her on Monday afternoon at the Sharon Health Center. Said she is doing well but has *at least* one more week there.

Also, talked with Louise Warren who said her other eye is having problems now. Send her a card – it would be so good to make her feel that she is thought of – 30 Upland Avenue, Winsted.

So foggy this morning you couldn't see anything – rained a bit – and now the sun is beautiful. What a study in contrasts! My brother in Oregon had snow on Saturday; Sue's niece in California had 3 feet of snow this past week; my sister in South Carolina had heavy rain finally and 80 degree temperature! Just wait a bit like we do in New England.

Next **Pomona** meeting will be December 13 at Litchfield. Remember the collection for the State needy children and a \$5 grab bag gift.

Community Service – 20 song books for group sing-a-longs donated to Laurel Hill Health Center in the name of Winchester Grange.

Hope your Thanksgiving is beautiful and bountiful. Be thankful for so many things we have.

Marion
